Studies in Educational Evaluation

VOLUME 22, 1996

SUBJECT INDEX

SUPPLEMENT TO STUDIES IN
EDUCATIONAL EVALUATION

PERGAMON

STUDIES IN EDUCATIONAL EVALUATION

Published by Elsevier Science Ltd for:
The School of Education, Tel Aviv University
The Institute for Science Education (IPN) at the University of Kiel
The Evaluation Center, Western Michigan University, U.S.A.

Editor-in-Chief:
David Nevo, *School of Education, Tel Aviv University, Tel Aviv, Israel.*

Associate Editors:
Daniel L. Stufflebeam, *The Evaluation Center, Western Michigan University, Kalamazoo, U.S.A.*
Rolf Langeheine, *Institute for Science Education (IPN), University of Kiel, D-24098 Kiel, Germany.*

Editorial Assistant:
Mirjam Hadar, *School of Education, Tel Aviv University, Tel Aviv, Israel.*

Advisory Editors:
Zoltan Bathory, *Volkmann U 18, H-1026 Budapest, Hungary.*
Leone Burton, *School of Education, The University of Birmingham, Edgbaston, Birmingham, U.K.*
Filip Dochy, *Center for Educational Technology, The Open University, 6401 DL Heerlen, The Netherlands.*
Alejandro Tiana Ferrer, *Facultad de Educacion, UNED, Senda del Rey, S/N, 28040 Madrid, Spain.*
Marit Granheim, *The Ministry of Education and Research, 0032 Oslo 1, Norway.*
Jong-ha Han, *Korean Educational Development Institute, 92-6 Umyeon-dong, Seocho-gu, Seoul, Republic of Korea.*
Wynne Harlen, *Scottish Council for Research in Education, Edinburgh EH8 8JR, U.K.*
Karl J. Klauer, *Institut für Erziehungswissenschaft, Technical University of Aachen, D-52062 Aachen, Germany.*
A. Lewy, *School of Education, Faculty of Humanities, Tel Aviv University, Tel Aviv 69978, Israel.*
B. McGaw, *Australian Council for Educational Research, Hawthorn, Victoria 3122, Australia.*
L. McLean, *The Ontario Institute for Studies in Education, Toronto, Ontario, Canada M5S IV6.*
Jean-Luc Patry, *Universitaet Salzburg, Institut fuer Erziehungswissenschaften, Akademiestr. 26, A-5020 Salzburg, Austria.*
T. Neville Postlethwaite, *Le Tastet, F-64300 Baigts De Bearn, France.*
R. E. Stake, *Center for Instructional Research and Curriculum Evaluation, University of Illinois, Champaign, IL 61820, U.S.A.*
Pinchas Tamir, *Science Teaching Center, Hebrew University, Jerusalem, Israel.*
Nico Verloop, *Leiden University, ICLON, P.O. Box 9555, 2300 RB Leiden, The Netherlands.*
R.M. Wolf, *Department of Measurement, Evaluation and Statistics, Teachers College, Columbia University, New York, NY 10027, U.S.A.*
Ayotunde Yoloye, *International Center for Education Evaluation, University of Ibadan, Nigeria.*

SUBJECT INDEX

Ability grouping, mathematical achievement 29–40
Accreditation 115
Achievement
  authentic instruction 144–150
  mathematics, ability grouping 29–40
Achievement testing, postmodernism 223–242
Achievers and non-achievers, university, early detection 59–77
Advanced-skill instruction, Title I 140
Advocacy, minority retention program 254
Alternative instruction, disadvantaged students 141
American National Board for Professional Teaching Standards 280
Assessment and instruction integration 309–330
  literature review 320–328
  model 316–320
  prior knowledge 310–329
Assessment methods in science 347
Assessment Performance Unit (APU) 230
Assessment, postmodern 228
Assessment procedures, use for instructional decisions 314
Assessment tasks 229, 234
Attainment targets 237
Attitudes
  foreign language courses 188, 191
  teacher characteristics 266, 267, 270
Audiolingual method, foreign language instruction 182
Authentic instruction, compensatory education classrooms 141–155
Authentic Math Instruction (AMI) 144, 146, 147
Authentic Reading Instruction (ARI) 144, 145
Authentic tests, foreign language courses 183, 187.
Authenticity, assessment tasks 232

Bagrut 177
Basic education, foreign language instruction 183, 184
Basic skill instruction 140
Behaviour, open-book examinations 162
Biology, path model 45
Books at home, least developed countries 299

Catechism 224
Causal modelling, prior knowledge and achievement 313
Centre for Research on Educational Accountability and Teacher Evaluation (CREATE) 80
Children First Act 81, 82, 96, 103
Classroom environment, student achievement and attitude 264, 268, 270, 272
Classroom equipment and supplies, primary schools, least developed countries 295
Class size, primary schools, least developed countries 294
Collaborative research 3
Collaborative tasks, assessment 232
Collection of Assessment Tasks 229, 232, 240
Collision, WHAT-IF tests 351
Communicative teaching, foreign language courses 181, 183
Compensatory education, authentic instruction and achievement 139–155
Comprehension, television news 208–218
Computer-based diagnostic tests, engineering mathematics 379
Constructivism, open-book examinations 159
Cooperation, assessment tasks 232
Coping skills, minority retention program 252
Critical learning skills, minority retention program 253
Cumulative effect of ability grouping 37
Curriculum embedded tests 229
Curriculum review, development and implementation (CRDI) plan 8

Deep learning 158, 165
Diagnostic tests 315
  engineering mathematics 378
Disadvantaged students, compensatory education 139
Discovery learning 341, 342
Discriminant analysis, detection of non-achievers 56–77
Dochy`s model for integration of learning, instruction and assessment 313–320
Domain-referenced testing 320
Domain-specific knowledge 311, 313, 325
Domain-transcending knowledge 312
Drill and practice, Title I 140

Effect criteria, language courses 187
Effective instruction, foreign language 186
Empowerment goals, minority students 250, 251
Engineering, mathematical assessment of students entering university courses 375–384
Enrolment, primary schools in least developed countries 294
Essay type examinations 227
Ethnic minority students, foreign language courses 193
Examinations
  essay type 227

multiple choice 227, 228, 232
open-book 157–170
oral 224, 231
university entrance, Turkey 363–373
Examination stress 163, 166
Expertise, teachers 278
External evaluation, science and technology education in Israel 173, 176, 177
External quality assurance system, Netherlands 123

Factor analysis, open-book examinations 158, 161, 170
Feedback 316
Foreign language learning, Netherlands 181, 182
Formative evaluation 172
internal and external evaluation 173–177
Functional knowledge 345

Gender, university entrance, Turkey 367–369, 371
German language courses, Netherlands 181–205
Goal-directed learning 317
Goals, university minority retention program 246–258
Grade equivalent scores 230
Grammar translation, foreign language instruction 182
Grouping 30

Hierarchical linear models (HLM), authentic instruction 148, 152
Higher education
quality assurance 115–137
Turkey 363–373
Higher-order thinking strategies (HOTS) 142, 144, 154

Implementation dip 13
Implicit knowledge 344, 345
Indicators project, primary schools, LDC 287–308
classroom equipment and supplies 296
data collection 292, 303
enrolment 294, 300
learning conditions 298
questionnaire development 290, 302
recommendations for future studies 300–307
sampling 289, 303
school buildings 299
target population 288
teachers 295
Indicator systems 120, 130, 131
In-service training, promotion of science and technology education 172
Instruction
assesment procedures 314
primary schools, least developed contries 298
Instruction strategy, disadvantaged students 140
Integration of assessment, learning and instruction 309–339
assessment procedures and instructional decisions 314
causal modelling techniques 313
literature review 320–328
model 316–320
prior knowledge 310–329
Intelligence, domain-specific prior knowledge 313
Interaction analysis 263
Interdisciplinary educational program, role of evaluation 171–179
Internal evaluation, science and technology education, Israel 174
Intervention program, science and technology education, Israel 172
Intuitive knowledge 344–358
WHAT-IF format and procedure 349
Iowa Test of Basic Skills (ITBS) 143
Israel, intervention program for promoting science and technology education 172
Israeli Assessment Tasks 229
Item bias, Student Selection Test, Turkey 367

Jackknifing 48, 54

Kennzeichen D course 183, 191
Knowledge
domain-specific 311, 313, 325
functional 345
implicit 344, 345
practical, teachers 276
prior 309–329
tacit 345
Knowledge profiles 318, 319,
Kontakte course 183, 191

Language, learning difficulties at tertiary level 41
Language courses, Netherlands 181–205
Latencies, assessment in science education 347
Leadership skills, minority retention program 253
Learning
deep 158, 165
discovery 341, 342
domain-specific 312
goal-directed 317
prior knowledge 309, 312
simulation based environments 342
Learning conditions, primary schools, least developed countries 298
Learning difficulties, tertiary level 41–57
Learning strategies 326
Least developed countries, primary schools, indicators project 287–308
Lifetime teaching certificate 82

Listening, foreign language instruction 187, 191
Louisiana, teacher assessment 81
Louisiana Teaching Internship Law 81, 82, 96

Management, quality assurance in higher education 120
Market-directed policy, higher education, Netherlands 116
Mathematics
ability grouping 29–40
assessment of students entering university engineering courses 375–384
authentic instruction 142, 144, 146, 149, 150, 154
external evaluation 173
internatal evaluation 174
Meta-analysis 322
Minority students, retention programs 245–258
Mirroring 210
Misclassification, discriminant analysis 61, 64
Model Career Options Program (MCOP) 81
Multiple choice questions 227, 228, 232
mathematical assessment 377

National Assesment of Educational Progress (NAEP) 230
National Curriculum, supportivity 237
Netherlands
German language courses 181–205
quality assurance in higher education 115
News comprehension, television 208–218
Non-achievers, university detection 59–77

Observation instrument, authentic instruction 142, 154
Open-book examinations, university level 157–170
Open-ended questions 228, 232
Oral examinations 224, 231
Organisational learning 5, 22

Partial Least Squares Path Analysis (PLSPATH) 44, 51, 53
Participatory evaluation, researcher involvement 3–27
Path model, factors influencing first year biology results 46, 50
Peer tutor, minority students 249
Performance indicators, quality assurance in higher education 116, 120, 125
Personnel Evaluation Standards 80
statewide teacher assessment 81, 86, 88–105
Placement, prior knowledge 315
Portfolios, teachers 281
Postmodern testing 223, 227, 228
authenticity 232
integration of teaching and assessment 229
multi-method approach 231
supportivity 237
tolerance of error 235
Practical knowledge, teachers 276–283
Predictions of situations, assessment in science education 347–349
Primary schools, least developed countries, indicators project 287–308
Prior knowledge 309
achievement 322
assessment procedures and instructional decisions 314
domain-specific knowledge 311
in ecologically valid settings 325
influence on learning 312
inherent qualities and facilitating effect 323
model for integration of assessment and learning 316
terminology 310
tests 319
Program goals, minority student retention programs 245–258
Progress tests 315–317, 327, 328
Psychometrics 226, 239

Quality assurance, higher education 115–137

Racial/ethnic identity, minority retention program 254
Rasch measurement, factor development 144
Reading
authentic instruction 142, 144, 145, 148, 150, 154
foreign language instruction 187, 191
Regression discontinuity design, ability grouping 31, 34
Researcher involvement in participatory evaluation 3–27
Retention programs, minority students 245–258
Rubrics 236

School-based evaluation model, internal and external evaluation 172
School buildings, primary schools 299
School Curriculum and Assessment Authority (SCAA) 230
School inspection, primary schools 298
Science
assessment methods 347
intervention program, Israel 172
simulation environments 342, 347
Score calibration 240
Scoring guide 236
Selection, universities, Turkey 363–373
Self-assessment, computer-based diagnostic tests 379
Self-evaluation, open-book examinations 165
Self-sufficiency, minority retention program 252
SETCOM, WHAT-IF tests 354

Shift systems, primary schools, least developed countries 295
Simulation based learning environments 341–358
SMISLE environments 342
Social emotional climate 263
Social interaction skills, minority retention program 253
Socio-economic status 266, 267
  teacher characteristics and student attitude and achievement 269
Spelling, foreign language instruction 187, 191
Stakeholder-based evaluation 5
Statements of Attainment (SoA) 237
Streaming 29, 32
Stress, open-book examinations 163, 166
Student Placement Test 370
Student Selection Test, Turkey 364
  content and scoring 365
  dimensionality 366
  gender bias 368
  item bias 367
  predictive validity 370
Summative evaluation 171
  internal and external evaluation 173–177
System for Teaching and Learning Assessment and Review (STAR) 79, 81, 83–104, 110

Tacit knowledge 345
Talent development, minority retention program goals 246–258
Teacher appraisal project 10
Teacher assessment
  practical knowledge 275–283
  statewide, U.S. 79–113
Teacher characteristics, student achievement and attitude 263–273
Teacher courses, external and internal evaluation 174
Teacher-student interaction 264, 265
Teacher training, primary schools, least developed countries 295
Teachers
  foreign language courses 189, 194, 196, 199, 204
  primary schools, least developed countries 295
Teaching and assessment integration 229
Teaching and Learning Technology Program (TLTP) 376, 379
Technology, intervention program, Israel 172
Television literacy, news comprehension 207–221
Tertiary level, learning and writing difficulties 41–57
Testing
  oral 224
  multi-method approach 231
  postmodernism 223–242
  scoring 236
  supportivity 237
Title I 139, 140
Tracking 29, 32
Turkey, university entrance examinations 363–373

UNICEF, indicators project 287, 292, 301
University
  early detection of achievers and non-achievers 59–77
  entrance examinations, Turkey 363–373
  learning and writing dificulties 41–57
  mathematical assessment of engineering students 375–384
  minority retention program 246–258
  Netherlands, quality assurance system 116
  open-book examinations 157
Utilization, participatory evaluation 5, 20

Verbal behaviour, teachers 264
Visualisation 346
Vocabulary, foreign language instruction 187, 191

WHAT-IF 349–358
  Collision 351
  SETCOM 354
Writing, foreign language instruction 188, 191, 198
Writing difficulties, tertiary level 41–57

Printed in Great Britain by Nuffield Press Ltd
